Teaching and learning methods

The learning methodology is based on an intensive work using legislation in the classroom. After a brief theoretical presentation about the concepts, the classifications and how topics are organized in the law, the class develops through practical cases, which present a variable complexity degree, and the students are asked to find the answers in the legislation.

Assessment methods

1. Alternative A (Continuous assessment) - (Regular, Student Worker) (Final, Supplementary)
 - Practical Work - 35% (Presentation in class, with a maximum duration of 10 minutes.)
 - Final Written Exam - 65%
2. Alternative B - (Regular, Student Worker) (Special)
 - Final Written Exam - 100%

Language of instruction

1. Portuguese
2. Portuguese, with additional English support for foreign students.
