

Course Unit	Final Project/Dissertation	Field of study	Silviculture and Wildlife Management
Master in	Management of Forest Resources	School	School of Agriculture
Academic Year	2022/2023	Year of study	2
Type	Annual	Semester	-
Level	2-2	ECTS credits	42.0
Code	6363-352-2001-00-22		
Workload (hours)	1 134	Contact hours	T - TP - PL - TC - S - E - OT 90 O -

T - Lectures; TP - Lectures and problem-solving; PL - Problem-solving, project or laboratory; TC - Fieldwork; S - Seminar; E - Placement; OT - Tutorial; O - Other

Name(s) of lecturer(s) Felícia Maria Silva Fonseca, Maria Alice Silva Pinto, Maria Sameiro Ferreira Patrício

#### Learning outcomes and competences

At the end of the course unit the learner is expected to be able to:

1. Develop a monograph of an investigation, project, or internship work, on a theme developed by the student, and later presented publicly and defended before a Jury.
2. Plan and develop research work autonomously.
3. Analyze and interpret scientific results critically.
4. Present a research work developed.

#### Prerequisites

Before the course unit the learner is expected to be able to:

The dissertation/project work/internship defense can only occur after approval in the remaining UCs.

#### Course contents

Students will have to do practical work, a project, or an internship, from which they should write an in-depth monograph on the theme chosen and developed. Subsequently, a Jury will evaluate the work concerning its organization, formal presentation, rigor, and depth of the theme addressed, both in the written document and in its oral presentation and discussion.

#### Course contents (extended version)

1. The student must choose the work theme in the food area and his/her advisor.
2. Bibliographic search on the topic.
3. Development of practical work.
4. Analysis and treatment of the results.
5. Monograph writing related to dissertation / project work / internship.
6. Oral presentation of the work developed.

#### Recommended reading

1. Artigos científicos e outro tipo de documentação relacionados com o tema escolhido.
2. Belcher, W. L. (2009). Writing your journal article in twelve weeks: A guide to academic publishing success. Thousand Oaks, California: Sage Publications, Inc.
3. Creswell, J. W. (2006). Research design: Qualitative & quantitative approaches. Thousand Oaks, CA: Sage.
4. Pereira A. e Poupá C. (2018). Como Escrever uma Tese, Monografia ou Livro Científico Usando o Word (7ª Edição). Edições Sílabo, isbn: 9789726189466

#### Teaching and learning methods

The Dissertation/Project/Internship Work must follow the Regulatory Standards of the Masters of the IPB. It should be supervised by a Ph. D. teacher or IPB specialist, or from another national or foreign higher education institution. Students will be evaluated through written work and a public defense before a Jury.

#### Assessment methods

- Written work and oral presentation (jury) - 100% - (Regular, Student Worker) (Final, Supplementary, Special)

#### Language of instruction

1. Portuguese
2. English

#### Electronic validation
