Teaching and learning methods

The curricular unit is organized into 4 modules that relate to each of the areas of expression developed throughout the semester, using 3 types of sessions: - Theoretical-practical (pedagogic content approach) - Laboratory practice (experience of contents of practical nature) - Tutorial guidance (monitoring, analysis and discussion of the theoretical and practical work developed and presented)

Assessment methods

1. Continuous assessment - (Regular, Student Worker) (Final)
 - Projects - 50% (a) Design of the project 35% b) Oral presentation 15% (group task))
 - Practical Work - 50% (Practical individual work to be carried out in each of the areas of expression)
2. Exam assessment - (Regular, Student Worker) (Supplementary, Special)
 - Final Written Exam - 50% (The final written exam will integrate contents of the 4 areas of expression)
 - Practical Work - 50% (Weighting of the practical work corresponds to the classification obtained on continuous assessment)

Language of instruction

1. Portuguese
2. Portuguese, with additional English support for foreign students.
