Teaching and learning methods

Faced with the challenge of individual and collective artistic work, this curricular unit intends to start from a theoretical context, based on research and thematic adaptation to a specific technique and language in the visual arts. After the completion, a complementary investment is intended, in research methodologies related to the fine arts, through a reflective report.

Assessment methods

1. CONTINUOUS EVALUATION - (Regular, Student Worker) (Final)
 - Development Topics - 75% (Artistic, scientific, aesthetic and technical qualities.)
 - Work Discussion - 25% (Discussion of Works through public presentation.)
2. EVALUATION OF EXAME - (Regular, Student Worker) (Supplementary, Special)
 - Development Topics - 60% (nº 4 art. 7. Frequency and Evaluation Regulations - Classification obtained in Continuous Assessment)
 - Final Written Exam - 40%

Language of instruction

Portuguese, with additional English support for foreign students.
