

Course Unit	Project		Field of study	Network and Computer Systems/Computer Science/Information Systems	
Bachelor in	Informatics and Communications		School	School of Public Management, Communication and Tourism	
Academic Year	2023/2024	Year of study	3	Level	1-3
Type	Semestral	Semester	2	ECTS credits	12.0
Code	9188-320-3202-00-23				
Workload (hours)	324	Contact hours	T -	TP -	PL -
			TC -	S -	E -
			OT 60	O -	

T - Lectures; TP - Lectures and problem-solving; PL - Problem-solving, project or laboratory; TC - Fieldwork; S - Seminar; E - Placement; OT - Tutorial; O - Other

Name(s) of lecturer(s)

Learning outcomes and competences

At the end of the course unit the learner is expected to be able to:

1. Learn to apply and integrate the skills acquired throughout the degree in different scientific areas.
2. To overcome problems with high degree of autonomy.
3. Have a scientific approach to new challenges.
4. Obtain oral and written communication capabilities, allowing the preparation of reports and their presentation and discussion.

Prerequisites

Before the course unit the learner is expected to be able to:
Hold the necessary skills to develop the project.

Course contents

The analysis of the problem, the definition of a model, the implementation, the installation, the final report and the discussion, are the main stages of the final project.

Course contents (extended version)

- Variable, depending on the project to develop.

Recommended reading

Variável, em função de cada projeto.

Teaching and learning methods

Development of an individual project, accompanied by a supervisor in regular tutoring sessions, promoting the ability to search and research and to apply the acquired knowledge.

Assessment methods

1. Assessment - (Regular, Student Worker) (Final, Supplementary, Special)
 - Projects - 100% (The evaluation criteria of the project are documented in a separate regulation.)
2. Incoming students in mobility programs - (Regular, Student Worker) (Final, Supplementary, Special)
 - Projects - 100% (The evaluation criteria of the project are documented in a separate regulation.)

Language of instruction

Portuguese, with additional English support for foreign students.
