Teaching and learning methods

The teaching methodology used consists of theoretical-practical classes where concepts are presented and analyzed, complementing with practical examples, news and case studies, which allow for the involvement of students individually and in groups, and a consolidation of content more effectively.

Assessment methods

- Distributed evaluation (Regular, Student Worker) (Final)
 Practical Work 40% (Realization and presentation of practical work in groups of 3 to 4 elements (minimum score of 8).)
 Final Written Exam 60% (Realization of a written exam (minimum score of 8).)
 Final evaluation (Regular, Student Worker) (Final, Supplementary, Special)
 Final Written Exam 100%
 Incoming Students (Regular) (Final, Supplementary, Special)

Assessment methods

- Practical Work - 100% (Development of research work on the main theme of the unit.)

Language of instruction

Portuguese, with additional English support for foreign students.
