Teaching and learning methods

Theoretical-practical classes adopt the presentations and exploration of customer service techniques and apply them using examples and case studies. Application of theoretical exposure methods to the different contents, using audiovisual media complemented with interactive methods that stimulate students' participation through individual and group application of the techniques presented.

Assessment methods

- Single alternative - (Regular, Student Worker) (Final, Supplementary, Special)
 - Practical Work - 60% (Individual practical work done during the lessons.)
 - Practical Work - 40% (Preparation of a customer satisfaction and/or loyalty online questionnaire (individual work).)

Language of instruction

Portuguese
